

## Esafety Training and Support Specialist

*'Absolutely fantastic training! Every teacher, parent, young person and everyone in contact with young people should have this training!'*

Following the closure of Northern Grid for Learning and Digitally Confident in July 2017, Simon will continue to provide the essential esafety and safeguarding support for schools and organisations across the region.

Courses and support are available for all adults who work with, and responsible for, young people, including; parents, carers, teachers and governors.
